Turning Point Center

OF CHITTENDEN COUNTY

A Safe and Supportive Environment for those in Recovery...

September and October 2019 Newsletter

Want To Be A Hero?
It's Easy To Become Ours
By Donating!

As of August 2019, we officially own the building!

Thank you to the over 100 community partners who supported us in making this dream come true. A special thank you to [The Hoehl Family Foundation](#), [The Stiller Family](#) and [The University of Vermont Medical Center](#), we could not have done it without you.

Congratulations to [Champlain Housing Trust](#) on celebrating their 35th anniversary. We are so very fortunate that they considered us for [179 South Winooski Avenue](#), as well as collaborating with us on the magnificent mural. If

you haven't seen it in person yet, we strongly encourage you to come on down!

Our very own Cam, a star?

[United Way of Northern Vermont selected Cam](#), our Supervisor of the UVMMC Emergency Department Peer Recovery Coach Program, as the face for their 2019 Annual Campaign. He is front and center on their website and has a [powerful video](#), where he shares his story with drug-use, addiction and sobriety.

Thank you United Way of Northern Vermont for selecting yet another one of our own to be featured. Krista Marzewski, our brilliant Development Coordinator, was the face of last years annual campaign.

Addiction is a ruthless epidemic and it means the world to us to have such passionate community partners, like United Way, supporting us in our mission to cultivate sobriety and recovery for alcoholics and addicts.

In thinking about September being [National Recovery Month](#), we ask you to consider donating to us, here at The Turning Point Center of Chittenden County so that we may continue the work to support folks in reaching sobriety through any and all avenues.

Anne Frank, a hero to many, once said, "No one has ever become poor by giving." Thank you for making any donation you can and becoming our hero.

Donate Today

Welcome to the family!

This summer has brought two new bright faces to our Center. Elyssa Boisselle, our New Moms in Recovery Program Coordinator and Tori Muzyk, our new Assistant Director.

Elyssa has extensive experience in providing trauma-informed services to individuals, mothers and families. Elyssa is passionate about women's issues and comes to us from Steps to End Domestic Violence. Elyssa draws on her life and professional experiences, one of which is being a mom herself of two young kiddos, to create a safe space for mothers and their children to heal and build community. You can find her eating blue corn tortilla chips and listening to Queensrÿche.

Tori has found multiple ways to put her love of helping people to use, whether that was volunteering at Zeno Mountain Farm, a local organization for folks with disabilities, or working to create affordable housing for marginalized groups, Tori always tries to support people through times of need. Since becoming sober, Tori has leaned on the Center for her own recovery and is honored to support the life-changing work that occurs here.

The time has come to announce our new website. Click
here to check it out!
